

You are invited to
Village Movement California's
Fourth Annual Statewide Convening

Re-Engage

June 21 and 22, 2022

9:00 AM -- 12:00 PM PT
via Zoom

The waning of the pandemic allows villages to expand in-person offerings. It creates opportunities to re-engage village members, volunteers, and partners in our vital work. It's also a tender time, filled with anxiety and grief created by our body and mind's response to stress and isolation.

Together we will explore how villages can re-engage their members and volunteers with each other and with a shared sense of purpose and meaning. The conference is designed to re-connect your villagers with their own joy and purpose, and to spark commitment to their village and to Village Movement California.

DETAILS
